Naming Policy

1. All facilities/spaces/resources to be named, gift amount for the privilege of naming, and names provided by donors must be approved by the LPCA Board of Directors.
2. Facilities and spaces may be named after pledge or payment has been received and upon approval of the Board of Directors. Revocable planned gifts (such as inclusion in a will) will not be accepted for naming purposes.
3. Naming for individuals/families/businesses/entities is expected to last the lifetime of the facility. Should that property/building on Midway Lake Road no longer be used, LPCA will make a best effort to contact the donor or interested parties to whom a plan shall be presented to continue recognition of that naming gift. The continuation may take the form of inclusion of memorabilia or plaque in a place of honor in a future facility.
4. LPCA and its Board of Directors reserve the sole right to “unname” the facility or space, without refund to the donor, due to special circumstances such as unfulfilled naming pledges, perpetration of a heinous crime, or involvement in an egregious action whose name appears on the naming opportunity.
5. Naming does not imply legal ownership or any other rights by the individual or group for whom it has been named.
